COINCIDENT

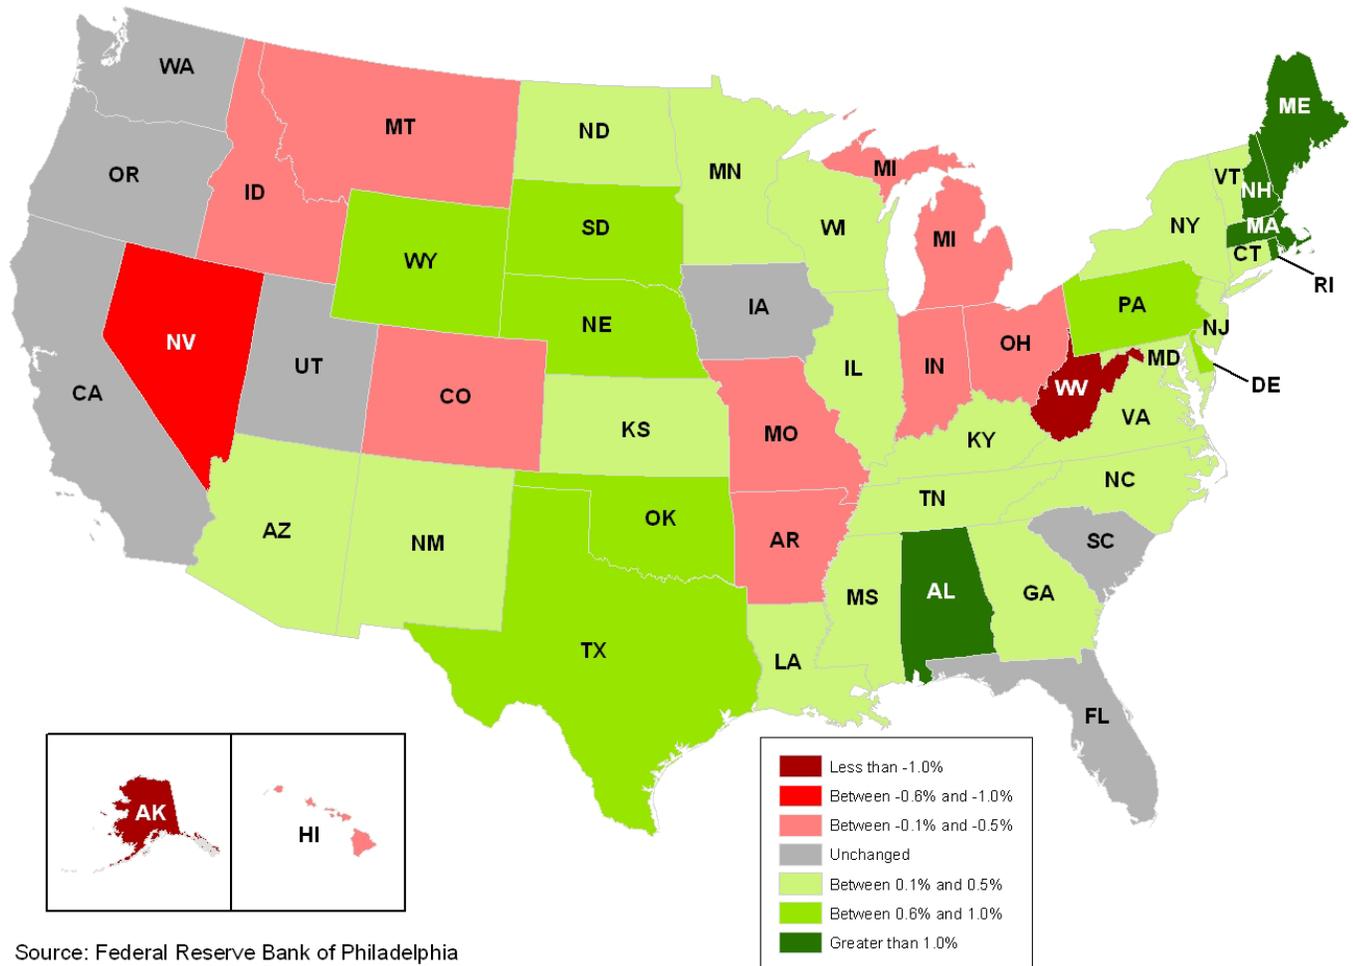

Indexes

SEPTEMBER 2010

The Federal Reserve Bank of Philadelphia has released the coincident indexes for the 50 states for September 2010. In the past month, the indexes increased in 24 states, decreased in 14, and remained unchanged in 12 for a one-month diffusion index of 20. Over the past three months, the indexes increased in 31 states, decreased in 12, and remained unchanged in seven for a three-month diffusion index of 38. For comparison purposes, the Philadelphia Fed has also developed a similar coincident index for the entire United States. The Philadelphia Fed's U.S. index remained unchanged in September and rose 0.1 percent over the past three months.

September State Coincident Indexes: Three-Month Change
