## NOVEMBER 2010

The Federal Reserve Bank of Philadelphia has released the coincident indexes for the 50 states for November 2010. In the past month, the indexes increased in 33 states, decreased in nine, and remained unchanged in eight for a one-month diffusion index of 48. Over the past three months, the indexes increased in 35 states, decreased in 13, and remained unchanged in two (Alaska and Alabama) for a three-month diffusion index of 44. For comparison purposes, the Philadelphia Fed has also developed a similar coincident index for the entire United States. The Philadelphia Fed's U.S. index rose 0.1 percent in November and 0.4 percent over the past three months.

### November State Coincident Indexes: Three-Month Change
